Dr. White will bring creative banners which will help each participant follow the teaching, and learn the flow of the Biblical message!

SIX HOUR RUN
THROUGH THE BIBLE
WITH DR. RANDY WHITE

An informative 24 page workbook helps participants follow the teachings. Workbooks are optional and sell for \$5.

- ⇒ Get the big picture of the Bible.
- ⇒ Understand the parts by understanding the whole.
- ⇒ Finally grasp the meaning of important texts and themes.
- ⇒ Understand the past, present, and future flow of God's plan.

Joining Dr. White for this fascinating tour of Biblical history will help you understand the overarching theme of the Bible and all of history: It is a display of the redemptive activity and power of God in a world that is constantly rejecting Him.

When Adam disobeyed God in Eden, the entire world was subjected to bondage. But God promised to restore His creation, “That in the dispensation of the fullness of times he might gather together in one all things in Christ” (Eph. 1:10).

The pre-Jewish history, the national history of Israel, the Gospels, and the history of the church, all demonstrate God’s sovereign control as from eternity to eternity He works to bring redemption and restoration to a ruined and dying world.
